MedWand® Solutions Launches Subscription Service for MedWand Device, Enhancing Access to Care

(Rancho Santa Margarita, CA) – [MedWand Solutions, Inc.](https://www.medwand.com), the ultimate healthcare solution and a pioneer in telehealth technology, is thrilled to announce the launch of its **new subscription service** for the MedWand multi-sensor vitals capture device. With this innovative offering, customers can now enjoy the benefits of a monthly subscription, granting access to the device's features without the need for an upfront purchase.

The subscription plan comes with flexible terms of 12 months, 24 months, and 36 months, providing customers with convenience and affordability. This new service aligns with MedWand's commitment to making healthcare technology more accessible to healthcare providers and individuals alike.

"We are excited to introduce our subscription service, offering customers the opportunity to experience the MedWand device without an upfront investment. With its adaptability and user-friendly interface, the MedWand device emerges as a pivotal tool for transforming healthcare delivery, benefiting both providers and patients alike," said Todd Cornell, President and CEO.

Victoria (Tori) Elder, PR Director
Velder@medwand.com, (949) 239-9220

Cornell adds, "Accessibility of MedWand's innovative technology could boost operational efficiency, expand patient volume, and lower operating expenses."

By combining multiple vitals sensors into one lightweight, handheld device, MedWand transforms the traditional understanding of telehealth. Data collected includes body temperature, blood oxygen saturation, pulse rate, heart, lung, and abdominal auscultations, electrocardiogram*, and high definition otoscopic, oropharynx, and dermatoscopic exam images. Additionally, MedWand seamlessly captures blood pressure, glucometer, spirometry, and weight data through approved, integrated 3rd party Bluetooth peripheral devices.

For more information on MedWand visit www.medwand.com. To schedule a private demonstration or to request a formal quotation please contact MedWand at www.medwand.com/contact.html

*Electrocardiogram feature is currently awaiting US FDA 510(k) clearance.
