## **MedWand™ Solutions, Inc. to Showcase Award-Winning MedWand & Virtual Care Clinic™ at Arab Health**

**(Rancho Santa Margarita, CA) May 18, 2021** – Leading the way in delivering digital healthcare technologies for clinicians and patients, [MedWand Solutions](#) is pleased to announce the company will showcase its award-winning product line at Arab Health in Dubai, June 21 – 24.

Transforming telemedicine, the **MedWand™** operating via **Virtual Care Clinic™** software allows clinicians to conduct video consultations and physical exams via the Internet, with clinically accurate and real-time monitoring and recording of patient's key vitals and clinical assessment. Data collected includes core temperature, blood oxygen saturation, pulse rate, heart, lung and abdominal auscultations, electrocardiogram, high definition otoscopic, oropharynx, and dermatoscopic exam images.

Demonstrated for the first time at Arab Health, Virtual Care Clinic software provides a link between MedWand devices and existing Electronic Medical Record and Practice Management Software. Supporting single password sign-in, accepting externally scheduled appointments and exchanging patient data with the EMR, Virtual Care Clinic software delivers the ultimate in video consultation and remote exam performance.

The ergonomic MedWand device and its associated software applications were created by a team of physicians and medical device engineers to enhance the quality and accessibility of health care services for clinicians and patients, regardless of physical location. The company

offers MedWand and Virtual Care Clinic solutions for applications that include hospitals, field clinics, nursing homes, schools, and workplaces, wherever Internet access is available.

Arab Health will be the first live trade show attended by MedWand Solutions since the recent pandemic began. Prior to this show, the company has engaged with multiple virtual events and industry panels, including a speaking engagement at CES 2021's all-digital show in January.

Due to Arab Health's booth capacity restrictions, MedWand encourages visitors to request an appointment with a specific MedWand team member prior to arriving at the show via [this link](#), or by contacting the company directly. The company will also participate in Arab Health Online, the official virtual event May 23 – July 22.

For more information visit [www.medwand.com](http://www.medwand.com). MedWand will be available for sale in multiple countries later this year, pending 510(k) clearance by the U.S. Food and Drug Administration.
